These blood or marrow stem cell transplants are covered in-network at a Plan-designated National Cancer Institute or National Institutes of Health approved clinical trial facility if approved by the Plan's medical director in accordance with the Plan's protocols. These transplants include but are not limited to the diagnoses below. If you are a participant in a clinical trial, the Plan will provide benefits for related routine care that is medically necessary (such as doctor visits, lab tests, x-rays and scans, and hospitalization related to treating the patient's condition) if it is not provided by the clinical trial. Section 9 has additional information on costs related to clinical trials. We encourage you to contact the Plan to discuss specific services if you participate in a clinical trial. • Allogeneic transplants for: - Advanced Hodgkin's lymphoma - Advanced non-Hodgkin's lymphoma - Beta Thalassemia Major - Chronic inflammatory demyelination polyneuropathy (CIDP)	In-network: 5% of the Plan allowance Out-of-network: 35% of the Plan allowance and any difference between our allowance and the billed amount
