Tecvayli (teclistamab-cqyv)

Original Effective Date: 3/1/24
Revision Date(s): 1/24/2024; 3/1/2024; 4/17/2025
Review Date: 4/17/2025
Policy type: Medical Necessity
Line of Business: All GEHA Medical Health Plans

Authorizations are issued for 6 (six) months, unless the ordering physician requests a different timespan or the patients' unique circumstance or condition supports the medical necessity for a different authorization timeframe. Reauthorization requests are reviewed for efficacy, safety and tolerability.

Indication Specific Criteria:

Multiple Myeloma (MM)

- Tecvayli will be given as monotherapy; **AND**
- The member is 18 years of age or older; **AND**
- The member has had no prior treatment with a B cell maturation antigen (BCMA) targeted therapy (e.g. Abecma, Carvykti, Elrexfio); **AND**
- The member has not had an allogeneic stem cell transplant within the past 6 months; **AND**
- The member has not had an autologous stem cell transplant within the past 12 weeks; **AND**
- The member has an Eastern Cooperative Oncology Group (ECOG) score of 0 or 1[1]; **AND**
- The member does not have CNS involvement or clinical signs of meningeal involvement of multiple myeloma; **AND**
- The member's prior therapy includes at least four prior systemic therapies (including a proteasome inhibitor (PI), an immunomodulatory agent (IMiD), and an anti-CD38 monoclonal antibody)

Universal Approval Criteria:

Unless otherwise noted, the review criteria used by OncoHealth to determine medical necessity for anticancer treatments and supportive agents include, but is not limited to:

- National Comprehensive Cancer Network® (NCCN) - use consistent with NCCN recommendations carrying a Category 1 or 2A level of evidence; **OR**
- United States Food and Drug Administration (FDA) labeling - new drugs or regimens (combinations of drugs) consistent with all components of the product labeling; **OR**
- Indications not included in the official FDA labeling or recommended by NCCN (Category 1 or 2A level of evidence) may be considered if determined to be medically necessary per one or more of the following compendia:
    - Clinical Pharmacology (Strong For); **OR**
    - Wolters Kluwer Lexi-Drugs® (Level A); **OR**

[1] ECOG score of 2 or 3 will be considered on a case-by-case basis.
