Covered Service	Covered services shall include only those services specifically listed in Section 5 Dental Services and Supplies. A covered service must be incurred and completed while the person receiving the service is a covered person. Covered services are subject to plan provisions for exclusions and limitations and meet acceptable standards of dental practice as determined by us.
Debarred	Services or treatment performed by debarred providers.
Deductible	A deductible is a fixed amount of expenses you must incur for certain covered services before we will pay for covered services. Covered charges credited to the deductible are also counted towards the Plan maximum and limitations.
Enrollee	The Federal employee, annuitant, or TRICARE-eligible individual enrolled in this plan.
FEDVIP	Federal Employees Dental and Vision Insurance Program.
Generally Accepted Dental Protocols	Services that are necessary for the treatment of a condition, for which there is reasonable expectation of effective treatment and billed according to guidelines described in the Current Dental Terminology (CDT) guide of dental procedures and nomenclature by the American Dental Association (ADA).
In-Progress Treatment	Dental services that initiated in 2025 that will be completed in 2026.
Incur/Incurred	A covered service is deemed incurred on the date care, treatment or service is received.
Maximum Allowable Charge	Maximum allowable charge means the maximum amount allowed by the dental plan for covered services. The maximum allowable charge is based on the general level of charges accepted by other providers in the area for like treatment, procedure or services. Our determination of what is allowable is final for the purpose of determining benefits payable under the dental plan.
Plan Allowance	The amount we use to determine our payment for out-of-network services.
Pre-Determination	This is the procedure used by the plan to estimate covered services and the amount that the plan will cover. It is not a guarantee of payment.
Provider Change	If you change from one provider to another during the course of treatment, or if more than one provider performs the same covered service, we will provide the same amount of benefits as if there had been only one provider involved in your treatment.
Service Dates	For benefit determination purposes, we will use these dates as completion dates for the following covered services: • Full or partial denture: the date the completed appliance is first inserted in the mouth. • Inlay, onlay, crown or fixed bridge including, but not limited to, a Maryland bridge: the date the appliance is permanently cemented in place. • Root canal therapy: the date the canal is permanently filled. • Periodontal surgery: the date the surgery is actually performed. • Any other service: the date the service is actually performed.
Sponsor	Generally, a sponsor means the individual who is eligible for medical or dental benefits under 10 U.S.C. chapter 55 based on their direct affiliation with the uniformed services (including military members of the National Guard and Reserves).
Subrogation	If G.E.H.A pays benefits for an illness or injury for which you or your dependent are later compensated or reimbursed from another source, you must refund G.E.H.A from any recovery you or your dependent obtain. All G.E.H.A benefit payments in these circumstances are conditional, and remain subject to our contractual benefit limitations, exclusions and maximums.
