- Chemotherapy and procedures related to bone marrow transplantation must be performed only at a Plan-designated transplant facility to receive maximum benefits.

If benefits are limited to $100,000 per transplant, included in the maximum are all charges for hospital, medical and surgical care incurred while the patient is hospitalized for a covered transplant surgery and subsequent complications related to the transplant. Outpatient expenses for chemotherapy and any process of obtaining stem cells or bone marrow associated with bone marrow transplant (stem cell support) are included in benefits limit of $100,000 per transplant.
