Medicare Part D

Medicare Part D plans provide coverage for prescription drugs. Private insurers contract with CMS on an annual basis for the right to offer Part D plans. Part D can be offered as a standalone Prescription Drug Plan (PDP) or as part of a Medicare Advantage Prescription Drug Plan (MAPD).

Medicare Part D EGWP

A Medicare Part D Employer Group Waiver Plan (EGWP) is a type of Medicare prescription drug plan that can be offered to employees and retirees of certain companies, unions, or government agencies, which allows for flexibility and enhanced coverage of traditional Medicare pharmacy benefits. Examples of Medicare Part D EGWPs are Medicare Advantage Prescription Drug (MAPD) plan EGWPs that include both health and drug benefits, as well as Prescription Drug Plan (PDP) EGWP's, which only cover the prescription drug benefit.

Mental health/substance use disorder

Conditions and diseases listed in the most recent edition of the International Classification of Diseases (ICD) as psychoses, neurotic disorders, or personality disorders; other nonpsychotic mental disorders listed in the ICD, to be determined by the Plan; or disorders listed in the ICD requiring treatment for misuse or dependence upon substances such as alcohol, narcotics, or hallucinogens; may also be collectively referred to as Behavioral Health conditions. Precertification is required for all of the following services and must be provided by a covered facility or covered provider as defined in Section 3. *How You Get Care*.

Inpatient Behavioral Health (includes mental health and substance use disorders):

- Acute Care Hospital: See Section 3 under Covered Facilities.
- Residential Treatment Center (RTC): See Section 3 under Covered Facilities.

Intensive Day Treatment:

- Intensive day treatment programs are outpatient services that must be rendered on an outpatient basis. Regardless of where services are rendered, the provider and/or the facility, must be licensed to provide intensive day mental health and/or substance use treatment and must meet G.E.H.A's definition of a covered provider in Section 3. G.E.H.A does not cover room and board during intensive day treatment programs. Under the direction of a physician, services must be provided for at least two hours per day and may include group, individual, and family therapy along with psychoeducational services and adjunctive psychiatric medication management.
  - Partial Hospitalization Program (PHP): A facility-based outpatient treatment program for mental health and/or substance use disorder conditions not requiring 24-hour care. Twenty or more hours of care per week is usually delivered at a minimum of four hours a day, five days a week. Time frames and frequency will vary based on condition, severity, and individual treatment plan.
  - Intensive Outpatient Program (IOP): A comprehensive, structured outpatient treatment program that includes extended periods of individual or group therapy sessions for mental health and/or substance use disorder conditions. It is an intermediate level of care between traditional outpatient therapy and partial hospitalization, delivered in an outpatient facility or outpatient professional office setting. Nine or more hours of care per week is usually delivered at a minimum of three hours a day, three days a week. Time frames and frequency will vary based on condition, severity, and individual treatment plan.

Minor acute conditions

Common, non-emergent conditions. Examples of common conditions include sinus problems, rashes, allergies, cold and flu symptoms, etc.

Never event policies

Federal or State policies that bar healthcare providers from charging patients for care that is attributable to certain avoidable complications or errors, such as wrong site surgery**.**
