CVS Caremark Formulary

Your prescription drug program includes use of the CVS Caremark Formulary which is developed by an independent panel of doctors and pharmacists who ensure the medications are clinically appropriate and cost-effective. Formularies are reviewed quarterly; medications may change formulary status. You will receive notification if your cost share increases due to a formulary change. In an effort to continue to help promote affordable and clinically appropriate products, there are a select number of drugs that are excluded from the formulary and not covered by the Plan. For these drugs, generics and/or therapeutic alternative medications in the same drug class are readily available. If one of these excluded drugs is medically necessary, a **preauthorization for medical necessity is required**. We do not cover excluded drugs unless we determine the medical necessity to treat a medical condition based on objective clinical data. New drugs and supplies may be added to the list as they are introduced and may require medical necessity review until the formulary status is determined. Please visit our website at geha.com/Prescriptions-Summary to view formulary medications and the most current list of specialty drugs. You may also call CVS Specialty at 800-237-2767.

Our benefit includes the Advanced Control Specialty Formulary (ACSF). The ACSF may reduce your out-of-pocket costs yet may limit your options due to a strict formulary. The ACSF focuses on specialty medications that are very similar to one another, with similar effectiveness and safety. The formulary incorporates step therapy, where a generic/preferred medication is used prior to a brand and/or non-preferred medication. The ACSF is reviewed quarterly, and medications may change formulary status. Impacted members will be notified of the change at least 60 days in advance. If the formulary change will lower your cost share for the medication(s), you have the option to speak with your doctor about a prescription for the lower cost alternative.

Please visit our website at geha.com/Prescriptions-Summary to view the most current list of specialty drugs. You may also call CVS Caremark at 844-443-4279 or CVS Specialty at 800-237-2767.

Notes:

- **Changes to the formulary are not considered benefit changes.**
- Your physician may be contacted to discuss your prescriptions for drugs that are excluded by the Plan's formulary. No change in the medication prescribed will be made without your physician's approval.
- **Any rebates or savings received by the Plan on the cost of drugs purchased under this Plan from drug manufacturers are credited to the health plan and are used to reduce health care costs.**

Coordinating with other drug coverage

For other commercial coverage: If you also have drug coverage through another group health insurance plan and we are your secondary insurance, follow these procedures.

If you obtain your prescription from a retail pharmacy using your primary insurance plan:

1. Present prescription ID cards from both your primary insurance plan and G.E.H.A.
2. If able, the pharmacy will electronically process both your primary and secondary claims, and the pharmacist will tell you if you have any remaining copay/coinsurance to pay.
3. If the pharmacy cannot electronically process the secondary claim, purchase your prescription using the prescription ID card issued by your primary insurance carrier and pay any copay/coinsurance required by the primary insurance. Then, mail your pharmacy receipt and primary Explanation of Benefits (EOB) to CVS Caremark for consideration of possible reimbursement through your G.E.H.A, secondary benefit. Submit these claims to CVS Caremark, PO Box 52136, Phoenix, AZ 85072-2136 or submit for reimbursement online via Caremark web portal geha.com/Prescriptions-Summary or Caremark mobile app (available for Android and Apple).

If you obtain your prescription from a mail service pharmacy using your primary insurance plan, your G.E.H.A reimbursement will be based on the G.E.H.A retail Plan Benefit:

1. Purchase your prescription using the prescription ID card issued by your primary insurance carrier and pay any copay/coinsurance required by the primary insurance.
2. Then, mail your pharmacy receipt and primary EOB to CVS Caremark for consideration of possible reimbursement through your G.E.H.A, secondary benefit. Submit these claims to CVS Caremark, PO Box 52136, Phoenix, AZ 85072-2136 or submit for reimbursement online via Caremark web portal geha.com/Prescriptions-Summary or Caremark mobile app (available for Android and Apple).
