- **Standard Option:**
  - The *in-network* coinsurance amount is 25% of the Plan allowance, after deductible. Previously it was 15% of the Plan allowance, after deductible.
  - The *out-of-network* coinsurance amount is 50%, after deductible. Previously it was 30% of the Plan allowance, after deductible.

Diagnostic Tests:

- **High Option**:
  - *In-network* lab tests are $10 copay. Previously, you paid Nothing.
  - *In-network* tests, such as but not limited to x-rays, and MRI remain subject to deductible & coinsurance.
- **Standard Option**:
  - *In-network* lab tests are subject to your deductible and coinsurance. Previously, you paid only the coinsurance, no deductible.
  - You may still continue to access a QuestSelect Lab for no cost for covered lab services.
  - *In-network* tests, such as but not limited to x-rays, non-routine mammograms, or Ultrasound are subject to Deductible & Coinsurance.
  - *In-network tests*, such as but not limited to CT, MRI and PET studies have a $250 copay, whether they are done in an office or hospital. Previously, they applied a $100 copay for physician services and a $150 copay for facilities depending on where you obtained your test.
  - *Out-of-network* services remain subject to deductible and coinsurance for both the High and Standard Option.

Updates to Covered Services:

- Language describing how services are covered has been edited throughout the Brochure. Covered Services such as Home Health, Genetic Testing related to Maternity services, and Iatrogenic Infertility have been updated (See Section 5) as well as clarifications for Computer Applications and Software, and Chemical and Surgical Sex-Trait modification in the Exclusions provisions located in Sections 5 and 6.
- When you obtain services with Specialty medications the applicable cost share will apply based on where you obtained those services either Outpatient or through a Specialty Pharmacy.

General Plan Revisions: See Section 10, *Definitions of Terms,* for clarifications to several terms, including Plan, Experimental and Investigational, Medical Necessity, Surprise Billing, Advanced Care Planning, and Calendar Year Deductible.

The Plan allowance for covered services received from out-of-network providers, including Physicians or health care facilities, are determined by the ClearHealth CRS program and is based on a methodology as explained in Section 10 under Definitions for *Plan Allowance*.
