Section 6. General Exclusions - Services, Drugs and Supplies We Do Not Cover

The exclusions in this section apply to all benefits. There may be other exclusions and limitations listed in Section 5 of this brochure. Although we may list a specific service as a benefit, we will not cover it unless we determine it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition. For information on obtaining preauthorization for specific services, such as transplants, see Section 3, *Other services that require preauthorization.*

We do not cover the following:

- Services, drugs, or supplies you receive while you are not enrolled in this Plan.
- Services, drugs, or supplies not medically necessary.
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice.
- Experimental or investigational procedures, treatments, drugs or devices (see specifics regarding transplants).
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest.
- Services, drugs, or supplies related to sexual dysfunction or sexual inadequacy.
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program or other Federal Program.
- Services or supplies for which no charge would be made if the covered individual had no health insurance coverage.
- Services, drugs, or supplies you receive without charge while in active military service.
- Services, drugs or supplies furnished, ordered or billed by yourself, immediate relatives or household members, such as spouse, parents, children, brothers or sisters by blood, marriage or adoption.
- Services or supplies we are prohibited from covering under the Federal Law.
- Services or supplies furnished or billed by a non-covered facility, except that medically necessary prescription drugs and physical, occupational and speech therapy rendered by a qualified professional therapist on an outpatient basis are covered subject to Plan limits.
- Services or supplies for cosmetic purposes.
- Surgery to correct congenital anomalies for individuals age 18 and older unless there is a functional deficit.
- Services or supplies not specifically listed as covered.
- Services or supplies not reasonably necessary for the diagnosis or treatment of an illness or injury, except for routine physical examinations and immunizations.
- Any portion of a provider's fee or charge ordinarily due from the enrollee but that has been waived. If a provider routinely waives (does not require the enrollee to pay) a deductible, copay or coinsurance, we will calculate the actual provider fee or charge by reducing the fee or charge by the amount waived.
- Charges which the enrollee or Plan has no legal obligation to pay, such as excess charges for an annuitant age 65 or older who is not covered by Medicare Parts A and/or B (see Section 9, *Coordinating Benefits with Medicare and Other Coverage*), doctor charges exceeding the amount specified by the Department of Health and Human Services when benefits are payable under Medicare "limiting charge" (see Section 9*, Coordinating Benefits with Medicare and Other Coverage*), services, drugs or supplies related to avoidable complications and medical errors, "Never Event" policies (see *Preventing Medical Mistakes*) or State premium taxes however applied.
- Charges in excess of the "Plan allowance" as defined in Section 10.
- Biofeedback, educational, recreational or milieu therapy, either in or out of a hospital.
- Stand-by physicians and surgeons.
- Clinical ecology and environmental medicine.
- Chelation therapy except for acute arsenic, gold, or lead poisoning.
