These rates do not apply to all Enrollees. If you are in a special enrollment category, please refer to the FEHB Program website or contact the agency or Tribal Employer which maintains your health benefits enrollment.

1 These benefits are neither offered nor guaranteed under contract with the FEHB Program but are made to all Enrollees who become members of a G.E.H.A health plan and their eligible family members.
2 In-network providers agree to limit what they will charge you. You pay a fixed dollar amount or percentage of the provider's negotiated amount.
3 This plan does not include out-of-network pharmacy coverage, and it has a limited pharmacy network. Find a pharmacy at geha.com/FindCare
4 The out-of-pocket maximum is the maximum amount of coinsurance, copays and deductibles you pay for all family members before G.E.H.A begins paying for 100% of covered services. This is a combined maximum for both medical care and prescriptions.
5 Calendar year deductible applies.
6 You pay a $175 copay for advanced outpatient high tech imaging. Refer to G.E.H.A's 2026 plan brochure RI 71-018 (Elevate and Elevate Plus) at geha.com/PlanBrochure
7 Refer to geha.com/Prescriptions for formulary and specialty coverage for specific medications.
8 If you choose a brand-name medication when a generic is available, you will be charged the generic copay plus the difference in cost between the brand-name and the generic.
