	If you enroll during Open Season, you are eligible to fund your account up to the maximum contribution limit set by the IRS. To determine the amount you may contribute, subtract the amount the Plan will contribute to your account for the year from the maximum allowable contribution. You are eligible to contribute up to the IRS limit for partial year coverage as long as you maintain your HDHP enrollment for 12 months following the last month of the year of your first year of eligibility. To determine the amount you may contribute, take the IRS limit and subtract the amount the Plan will contribute to your account for the year. If you do not meet the 12-month requirement, the maximum contribution amount is reduced by 1/12 for any month you were ineligible to contribute to an HSA. If you exceed the maximum contribution amount, a portion of your tax reduction is lost and a 10% penalty is imposed. There is an exception for death or disability. HSAs earn tax-free interest (does not affect your annual maximum contribution). Additional contributions are discussed under *If you have an HSA* after this section.	Members leaving G.E.H.A mid-year will be expected to return a portion of the annual contribution to G.E.H.A only if they have filed claims against the funds (prorated based on the number of months in the Plan) and will forfeit their remaining HRA account balance at that time.
