Section 3. How You Get Care

Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the PSHB System enrollment confirmation.

Note: If you are enrolled in our Medicare Part D PDP EGWP, you will receive a second ID card for your prescription drug benefits.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 800-821-6136 or write to us at

You may also request replacement cards through our website: geha.com/My-Member-Portal.

Where you get covered care

You can get care from any "covered provider" or "covered facility." How much we pay - and you pay - depends on the type of covered provider or facility you use and who bills for the covered services. If you use our preferred providers, you will pay less.

Balance Billing Protection

PSHB Carriers must have clauses in their in-network (participating) provider agreements. These clauses provide that, for a service that is a covered benefit in the plan brochure or for services determined not medically necessary, the in-network provider agrees to hold the covered individual harmless (and may not bill) for the difference between the billed charge and the in-network contracted amount. If an in-network provider bills you for covered services over your normal cost share (deductible, copay, co-insurance), contact your Carrier to enforce the terms of its provider contract.

- **Covered providers**

Covered providers are medical practitioners who perform covered services when acting within the scope of their license or certification under applicable state law and who furnish, bill, or are paid for their healthcare services in the normal course of business. Covered services must be provided in the state in which the practitioner is licensed or certified.

Benefits are provided under this Plan for the services of covered providers, in accordance with Section 2706(a) of the Public Health Service Act. Coverage of practitioners is not determined by your state's designation as a medically underserved area.

We list network-contracted covered providers in our network provider directory, which we update periodically, and make available on our website.

Benefits described in this brochure are available to all members meeting medical necessity guidelines regardless of race, color, national origin, age, disability, religion, sex, pregnancy, or genetic information.
