Prescription drug benefits (cont.)

- **Where you can obtain them:** You may fill the prescription at a preferred pharmacy, a non-preferred pharmacy, or by mail for certain drugs. We pay a higher level of benefits when you use a preferred network pharmacy.
  - Preferred pharmacy – Present your Plan identification card at a preferred pharmacy to purchase your prescriptions and have the claim filed electronically for you.
  - Non-Preferred pharmacy –You pay the full cost and manually file a claim for reimbursement by sending in your original prescription receipt obtained from your pharmacy to:

    SilverScript Insurance Company
    Prescription Drug Plans
    Medicare Part D Paper Claim
    PO Box 52066
    Phoenix, AZ 85072-2066

-
  - Mail order – To obtain more information about the mail order drug program, order refills, check order status, and request additional mail service envelopes and claim forms, or to ask questions, call SilverScript at 833-250-3241 or visit our website, geha.com/Rx-Plan.

    Note: Remember to use a Preferred pharmacy whenever possible and show your SilverScript ID card to receive the maximum benefits and the convenience of having your claims filed for you. For assistance locating a PDP EGWP preferred pharmacy, visit our website at geha.com/Rx-Plan or call us at 833-250-3241 / TTY 711.
- **We have a managed formulary.** Your provider may prescribe drugs that are subject to additional review to determine they are medically necessary. Please see our online formulary and drug pricing search tools at geha.com/Rx-Plan.

Occasionally, drugs may change from one category to another category, which can affect your cost-share amount. We will attempt to notify you when this occurs. While all FDA-approved drugs are available to you, we may have formulary restrictions and dispensing limitations on certain drugs, including but not limited to, quantity limits, age limits, dosage limits, brand exception and preauthorization. To request a copy of our current formulary, call us at 833-250-3241 or visit our website, geha.com/Rx-Plan.

- **Utilization Management strategies: Preauthorization, trial and step therapy:** We require preauthorization (PA) for certain drugs to ensure safety, clinical appropriateness and cost effectiveness. PA criteria are designed to determine coverage and help to promote safe and appropriate use of medications. Drugs subject to PA are screened at the point of service and the dispensing pharmacy is advised to have the prescriber contact the SilverScript PA department. SilverScript will obtain the relevant information from the prescriber to determine whether the drug use meets the established criteria for the requested drug. In certain circumstances, a preauthorization may require the trial or step of a more appropriate first line agent before the drug being requested is approved.
- **A generic equivalent will be dispensed if it is available** unless your physician specifically requires a brand name drug. If you receive a brand name drug when an FDA approved generic drug is available, and your physician has not specified Dispense as Written for the brand name drug, you have to pay the difference in cost between the brand name drug and the generic.
- **Why use generic drugs**: By choosing Generic or Preferred category drugs, you may decrease your out-of-pocket expenses.
- **You may request a Formulary Exception:**
  - Asking for coverage of a drug that is not on the Drug List is sometimes called asking for a **formulary exception**.
  - Asking for removal of a restriction on coverage for a drug is sometimes called asking for a **formulary exception**.
  - Asking to pay a lower price for a covered non-preferred drug is sometimes called asking for a **tiering exception.**
  - Start by calling, writing, or faxing SilverScript to make your request for us to authorize or provide coverage for the prescription you want. You can also access the coverage decision process through caremark.com website. We must accept any written request, including a request submitted on the CMS Model Coverage Determination Request form. You, your doctor (or other prescriber), or your representative can do this. You can also have a lawyer act on your behalf.
