Patient Safety

G.E.H.A has several programs to promote patient safety. Through these programs, we work to ensure safe and appropriate quantities of medication are being dispensed. The result is improved care and safety for our members. Patient safety programs include:

- Preauthorization - Approval must be obtained for certain prescription drugs and supplies before providing benefits for them.
- Quantity allowances - Specific allowances are in place for certain medications, based on manufacturer and FDA recommended guidelines.
- Pharmacy utilization - G.E.H.A reserves the right to maximize your quality of care as it relates to the utilization of pharmacies.

G.E.H.A will participate in other approved managed care programs, as deemed necessary, to ensure patient safety.

How to use participating network retail pharmacies

You may fill your prescription at any participating retail pharmacy. To locate participating pharmacies, call CVS Caremark at 844-443-4279 or visit geha.com/Prescriptions-Summary. To receive maximum savings, you must present your plan ID card at the time of each purchase, and your enrollment information must be current and correct. In most cases, you simply present the plan ID card together with the prescription to the pharmacist.

How to use CVS Caremark Mail Service Pharmacy

Through this service, you may receive up to a 90-day supply per prescription of maintenance medications and/or supplies which require a prescription. Some medications may not be available in a 90-day supply from CVS Caremark Mail Service Pharmacy even though the prescription is for 90 days. Although insulin, syringes, diabetic supplies and ostomy supplies do not require a physician's prescription, to obtain through CVS Caremark Mail Service Pharmacy you should obtain a prescription (including the product number for ostomy and insulin pump supplies) from your physician for a 90-day supply.

Not all drugs are available through CVS Caremark. In order to use CVS Caremark Mail Service Pharmacy, your prescriptions must be written by a licensed prescriber in the United States. In addition, your mailing address must be within the United States or include an APO address.

To order new prescriptions, ask your physician to prescribe needed medication for up to a 90-day supply, plus refills, if appropriate. Complete the information on the Ordering Medication Form found at geha.com/Mail-Order-Rx; enclose your prescription and the correct copayment/coinsurance.

Under regular circumstances, you should receive your medication within approximately 14 days from the date you mail your prescription. If you have any questions or need an emergency consultation with a registered pharmacist, you may call CVS Caremark at 844-443-4279 available 24 hours a day, 7 days a week. Forms necessary for refills will be provided each time you receive a supply of medication.

Refilling your medication: To be sure you never run short of your prescription medication, you should re-order on or after the estimated refill date or when you have approximately 18 days of medication left.

To order by phone: Call Member Services at 844-443-4279. Have your prescription bottle with the prescription information ready.

To order by mail: Simply mail the G.E.H.A Mail Order Form and copayment/coinsurance to CVS Caremark, PO Box 659541, San Antonio, TX 78265-9541.

To order online: Go to geha.com/Prescriptions-Summary.

Fax: You can ask your physician to fax your prescriptions to CVS Caremark Mail Service Pharmacy. To do this, provide your physician with your ID number (located on your ID card) and ask him or her to fax the prescription to the CVS Caremark Mail Service Pharmacy fax number: 800-378-0323.

Electronic transmission: You can ask your physician to transmit your prescriptions electronically to CVS Caremark Mail Service Pharmacy.
