- Be sure to read Section 4, *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9, *Coordinating Benefits with Medicare and Other Coverage,* for information about how we pay if you have other coverage, or if you are age 65 or over.
- Medications may be available under the Prescription drug benefit and may require prior authorization.
- Benefits for certain prescription medications and supplies (e.g., self-injectable or self-administered) are only eligible for coverage when dispensed by a pharmacy, under the pharmacy benefit, even if you obtain these medications from your provider.
- If you are covered by Medicare and Medicare Part A or B or Parts A and B is primary and you are not enrolled in any Medicare Advantage Plan or other Medicare plan, we will automatically enroll you in our SilverScript Employer Prescription Drug Plan (PDP) under Medicare Part D. This plan enhances your PSHB coverage by offering lower cost sharing on covered drugs. You can find more details about this plan and the opt out process in Section 9, *Medicare Prescription Drug Plan Employer Group Waiver Plan (PDP EGWP).* The PDP is subject to Medicare rules.
- If you choose to opt out of or disenroll from our PDP EGWP, see Section 9 for additional PDP EGWP information and for our opt-out and disenrollment process. Contact SilverScript for assistance with the PDP EGWP opt out and disenrollment process at 833-250-3241.
