Specialty care: You may continue seeing your specialist and receiving any PPO benefits for up to 90 days if you are undergoing treatment for a chronic or disabling condition and you lose access to your specialist because:

- we drop out of the PSHB Program, and you enroll in another PSHB Plan (or become covered as a family member under a FEHB enrollment), or
- we terminate our contract with your PPO specialist for reasons other than for cause.

Contact us at 800-821-6136 or, if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your in-network specialist based on the above circumstances, you can continue to see your specialist and your in-network benefits will continue until the end of your postpartum care, even if it is beyond the 90 days.

Note: If you lose access to your specialist because you changed your carrier or plan option enrollment, contact your new plan.
