Coordinating with other drug coverage (cont.)

If your primary insurance does not provide a prescription ID card:

1. Purchase your drug from the pharmacy and submit the bill to your primary insurance.
2. When the primary insurance has made payment, file the claims and the primary EOB with CVS Caremark for consideration of possible reimbursement using your secondary benefit. Submit these claims to CVS Caremark, PO Box 52136, Phoenix, AZ 85072-2136 or submit for reimbursement online via Caremark web portal (geha.com/Prescriptions-Summary) or Caremark mobile app (available for Android and Apple).

In any event, if you use G.E.H.A's plan ID card when another insurance plan is primary, you will be responsible for reimbursing G.E.H.A any amount in excess of our secondary benefit. If another insurance plan is primary, you should use their drug benefit.

When coordination of benefits apply, reimbursement is based on G.E.H.A's retail Plan allowable benefit. Our secondary and tertiary claim payment is the lesser of:

- what G.E.H.A would have paid in the absence of other primary coverage, or
- the balance due after the primary carrier's payment.

Note: G.E.H.A secondary and tertiary member responsibility could be higher than G.E.H.A's primary copay/coinsurance, depending upon the primary plan's allowable and the primary payment.

Should Medicare rules change on prescription drug coverage, we reserve the right to require you to use your Medicare coverage as the primary insurance for these drugs.

For Medicare Part B insurance coverage: If Medicare Part B is primary, discuss with the retail pharmacy and/or CVS Caremark the options to submit Medicare covered medications and supplies to allow Medicare to pay as the primary carrier. Prescriptions typically covered by Medicare Part B include diabetes supplies (test strips, meters), specific medications used to aid tissue acceptance from organ transplants, certain oral medications used to treat cancer, and ostomy supplies.

Retail - When using a retail pharmacy for eligible Medicare Part B medication or supplies, present the Medicare ID card. Request the retail pharmacy bill Medicare as primary. Most independent pharmacies and national chains are Medicare providers. To locate a retail pharmacy that is a Medicare Part B participating provider, visit the Medicare website at www.medicare.gov/supplier/home.asp or call Medicare Customer Service at 800-633-4227.

Mail Order - To receive your Medicare Part B-eligible medications by mail, send your mail-order prescriptions to CVS Caremark. The CVS Caremark Mail Service Pharmacy will review the prescriptions to determine whether it could be eligible for Medicare Part B coverage and submit to Medicare if appropriate.

Please note, the CVS Caremark Mail Service Pharmacy is not a Medicare Part B provider for diabetic supplies. You must use a retail pharmacy willing to bill Medicare as primary.

For Medicare Part D insurance coverage: G.E.H.A supplements the coverage you get with your Medicare Part D prescription drug plan. Your Medicare drug plan provides your primary prescription drug benefit. G.E.H.A provides your secondary prescription drug benefit. To ensure that you maximize your benefits, use a pharmacy in network for both the G.E.H.A Plan and your Medicare Part D plan, and provide both plan ID cards when filling a prescription allowing the pharmacy to coordinate coverage on your behalf.
