Section 5(f)(a). PDP EGWP Prescription Drug Benefits

Important things you should keep in mind about these benefits:

- These prescription drug benefits are for members enrolled in our Medicare Part D Prescription Drug Plan (PDP) Employer Group Waiver Plan (EGWP).
- If you are a Postal Service annuitant and their covered Medicare-eligible family member, you will be automatically group enrolled in our PDP EGWP. Contact us for additional information at 800-821-6136.

Note: Notify us as soon as possible if you or your eligible family member is already enrolled in a Medicare Part D plan. Enrollment in our PDP EGWP will cancel your enrollment in another Medicare Part D plan.

There are advantages to being enrolled in our PDP EGWP:

- In our PDP EGWP, your cost-share for covered drugs, medications, and supplies will be equal to or better than the cost-share for those enrolled in our standard non-PDP EGWP Prescription Drug Program.
- In our PDP EGWP, you have a pharmacy network that may include pharmacies that are non-preferred or excluded from those enrolled in our standard non-PDP EGWP Prescription Drug Program.
  - Generally, we cover a 30-day supply of drugs filled at a non-preferred pharmacy only when you are not able to use a preferred pharmacy. Please check first with Customer Care at 833-250-3241 or visit our website at geha.com/Rx-Plan to see if there is a preferred pharmacy nearby. You will most likely be required to pay the difference between what you pay for the drug at the non-preferred pharmacy and the cost that we would cover at a preferred pharmacy.
- Here are the circumstances when we would cover a 30-day supply of prescriptions filled at a non-preferred pharmacy:
  - The prescription is for a medical emergency or urgent care.
  - You are unable to get a covered prescription drug in a time of need because there are no 24-hour preferred pharmacies within a reasonable driving distance.
  - The prescription is for a drug that is out of stock at an accessible preferred retail or mail-service pharmacy (including high-cost and unique prescription drugs).
  - If you are evacuated or otherwise displaced from your home because of a Federal disaster or other public health emergency declaration.
  - The vaccine is administered in your doctor's office.
- Other PDP EGWP features include access to preferred pharmacies, $35 copay on insulin and $2,100 True Out-of-Pocket (TrOOP) on covered Part D drugs.

We cover drugs, medications, and supplies as described below and on the following pages.

- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Your prescribers must obtain prior approval/authorizations for certain prescription drugs and supplies before coverage applies. Prior approval/authorizations must be renewed periodically.
- Federal law prohibits the return of unused drugs, medications, and supplies. Medication cannot be returned to dispensing pharmacies, and you will be responsible for the cost. Be sure to check the cost of your medication before filling the prescription.
- There is no calendar year deductible for prescription drugs.
- You must get prior authorization for certain drugs including, but not limited to, preferred and non-preferred brand name drugs when a generic equivalent is available, oncology drugs and Specialty drugs. For more information about prior authorization, please call us at 833-250-3241 or visit our website at geha.com/Rx-Plan.
