Talvey (Talquetamab-tqvs)

Original Effective Date: 1/1/24
Revision Date(s): 4/1/2024; 9/27/2024; 12/11/25
Review Date: 12/11/2025
Policy type: Medical Necessity
Line of Business: All G.E.H.A Medical Plans

Authorizations are issued for 6 (six) months, unless the ordering physician requests a different timespan or the patients' unique circumstance or condition supports the medical necessity for a different authorization timeframe. Reauthorization requests are reviewed for efficacy, safety and tolerability.

Indication Specific Criteria:

Multiple Myeloma (MM)

- Member is 18 years of age or older; **AND**
- Patient's prior therapy includes at least four prior systemic therapies (including a proteasome inhibitor (PI), an immunomodulatory agent (IMiD), and an anti-CD38 monoclonal antibody); **AND**
- Patient has not experienced T-cell redirection (e.g., Car-T and/or bispecific antibody) therapy within 3 months; **AND**
- Patient has not had an autologous stem cell transplant within the past 12 weeks; **AND**
- Patient has not had an allogenic stem cell transplant within the past 6 months; **AND**
- Patient's Eastern Cooperative Oncology Group (ECOG) performance is a score of 0 to 2[1]; **AND**
- Patient does not have CNS involvement or clinical signs of meningeal involvement of multiple myeloma; **AND**
- Patient does not have plasma cell leukemia

Universal Approval Criteria:

Unless otherwise noted, the review criteria used by OncoHealth to determine medical necessity for anticancer treatments and supportive agents include, but is not limited to:

- National Comprehensive Cancer Network® (NCCN) - use consistent with NCCN recommendations carrying a Category 1 or 2A level of evidence; **OR**
- United States Food and Drug Administration (FDA) labeling - new drugs or regimens (combinations of drugs) consistent with the product labeling; **OR**
- Indications not included in the official FDA labeling or recommended by NCCN (Category 1 or 2A level of evidence) may be considered if determined to be medically necessary per one or more of the following compendia:
    - Clinical Pharmacology (Strong For); **OR**

[1] ECOG score of 3 will be considered on a case-by-case basis.
