When you have double coverage, one plan normally pays its benefits in full as the primary payor and the other plan pays a reduced benefit as the secondary payor. We will consider any benefits payable by your FEHB/PSHB medical plan before we calculate benefits payable by us. In addition to benefits payable by your FEHB/PSHB medical plan, if you or your covered dependents have other dental coverage, you must tell G.E.H.A. When we are secondary or tertiary (third) payor, our payment will be the lesser of the following:

- G.E.H.A's benefits; or
- The remaining balance which when added to the other carrier(s') payment will not exceed the dentist billed amount or lowest negotiated rate.

There is no change in benefit limits or maximums when we are the secondary payor.

Example: Provider is in-network with both FEDVIP plan and other plan. The provider can collect up to the lowest allowable as payment in full.

FEDVIP G.E.H.A high option member with other plan coverage
G.E.H.A Connection Dental Federal high option plan is secondary
Charges by **In-Network Provider**
Extraction of tooth: $150.00
Primary allowable: $123.00
Primary payment: $21.00
FEDVIP allowable: $131.00
FEDVIP payment: $123.00 X 80% = $98.40
Total of primary payment and FEDVIP payments: $21.00 + $98.40 = $119.40
Patient responsibility: $123.00 - $119.40 = $3.60

Example: Provider is out-of-network with both FEDVIP plan and other plan. The provider can collect up to their billed charge.

FEDVIP G.E.H.A high option member with other plan coverage
G.E.H.A Connection Dental Federal high option plan is secondary
Charges by **Out-of-Network Provider**
Extraction of tooth: $150.00
Primary payment: $21.00
FEDVIP allowable: $131.00
FEDVIP payment: $131.00 X 80% = $104.80
Total of primary payment and FEDVIP payments: $21.00 + $104.80 = $125.80
Balance which is patient responsibility: $150.00 - $125.80 = $24.20

Please see Section 4, Your Cost For Covered Services, for more information about how we pay claims. If your primary payor requires a pre-determination or requires that you use designated facilities for benefits to be approved, it is your responsibility to comply with these requirements. In addition, you must file the claim with your primary payor within the required time period. If you fail to comply with any of these requirements and the primary payor denies benefits, we will pay secondary benefits based on an estimate of what the primary carrier would have paid if you had followed their requirements.

**Rating Areas**

Your rates are determined based on where you live. This is called a rating area. If you move, you must update your address through BENEFEDS at www.BENEFEDS.gov or by phone at (877) 888-3337. Your rates might change because of the move.

**Limited Access Area**

If you live in an area that does not have adequate access to in-network general dentists as determined by your 5-digit ZIP code and you receive covered services from an out-of-network provider, we will base our plan allowance on the 75$^{th}$ percentile of standard healthcare prevailing fees. You are responsible for any difference between the amount billed and our payment. For a list of our limited access areas, call (877) 434-2336.
