Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are necessary for the prevention, diagnosis, care, or treatment of a covered condition and meet generally accepted dental protocols.
- There is no calendar year deductible for High Option or Standard Option in-network. Standard Option out-of-network Services under Class A, B and C are subject to a combined $75 Deductible per person, per calendar year.
- The High Option annual benefit maximum is unlimited per covered person.
- The Standard Option annual benefit maximum is $2,500 for in-network, $2,000 for out-of-network per covered person.
- Covered services shall include only those services specifically listed in Section 5, Dental Services and Supplies. A covered service must be incurred and completed while the person receiving the service is a covered person. Covered services are subject to plan provisions for exclusions and limitations and meet acceptable standards of dental practice as determined by us.
- For services listed with an asterisk (*), the choice of a lower cost treatment is available. If you or your dental provider should choose this treatment or service, we will allow the lower cost alternative benefit unless evidence is submitted with the bill to explain why the less expensive treatment could not be done.
- Covered services are limited to the maximum allowable charge as determined by us and are subject to alternative benefit, coinsurance, maximum benefit limits and the other limitations described in this document.
- The dental plan does not require a pre-determination of benefits. G.E.H.A will respond to a request to pre-determine services with an estimate of covered service, which is not a guarantee of payment since future changes such as changes in your enrollment or eligibility under the dental plan may affect benefits. We encourage you to ask your provider to request a pre-determination for any extensive treatment. By obtaining a pre-determination, you and your dental provider will have an estimate before treatment begins of what will be covered and how it will be paid. This information can be valuable to you in making an informed decision on how to proceed with treatment and can help protect you from unexpected out-of-pocket costs should the treatment plan not be covered.
- To obtain a pre-determination, the dentist should submit a completed dental pre-treatment estimate claim form that itemizes the proposed procedure codes, charge for each procedure along with pre-treatment plan, radiographic images and any other diagnostic materials.
- In-progress treatment for dependents of retiring TDP enrollees will be covered for the 2026 plan year. This is regardless of any current plan exclusions for care initiated prior to the enrollee's effective date.

You Pay:

- ***High Option***
  - **In-Network:** 20% of plan allowance.
  - **Out-of-Network:** 20% of the plan allowance and any difference between our allowance and the billed amount.
- ***Standard Option***
  - **In-Network:** 45% of plan allowance.
  - **Out-of-Network:** 50% of the plan allowance and any difference between our allowance and the billed amount. Subject to the deductible.
