Section 5(g). Dental Benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- **If you are enrolled in a Federal Employees Dental/Vision Insurance Program (FEDVIP) Dental Plan, your FEHB Plan will be First/Primary payor of any Benefit payments and your FEDVIP Plan is secondary to your FEHB Plan. See Section 9 Coordinating benefits with other coverage.**
- Under the **Elevate Plus** Option:
  - The calendar year deductible is $200 per person ($400 if enrollment is Self Plus One or Self and Family). We added "(no deductible)" to show when the calendar year deductible does not apply.
- Under the **Elevate** Option:
  - The calendar year deductible is $750 per person ($1,500 if enrollment is Self Plus One or Self and Family). If you use an out-of-network provider, the calendar year deductible is $2,000 per person ($4,000 if enrollment is Self Plus One or Self and Family). Applicable coinsurance applies after you met your Deductible until you've reached your Out-of-Pocket Maximum. We added "(no deductible)" to show when the calendar year deductible does not apply.
- Be sure to read Section 4, Y*our Costs for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9, *Coordinating Benefits with Medicare and Other Coverage,* for information about how we pay if you have other coverage, or if you are age 65 or over.
- We cover hospitalization for dental procedures only when a non-dental physical impairment exists, which makes hospitalization necessary to safeguard the health of the patient. We do not cover the dental procedure. See Section 5(c), *Inpatient hospital* benefits.
