- **Emergency inpatient admission**

  If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the physician, or the facility must notify us within two business days following the day of the emergency admission, even if you have been discharged from the facility.

- **Maternity care**

  You do not need precertification of a maternity admission for a routine delivery. However, if your medical condition requires you to stay more than 48 hours after a vaginal delivery or 96 hours after a cesarean section, then your physician or the facility must contact us for precertification of additional days. Further, if your baby stays after you are discharged, your physician or the facility must contact us for precertification of additional days for your baby.

  Note: When a newborn requires definitive treatment during or after the mother's stay, the newborn is considered a patient in their own right. If the newborn is eligible for coverage, regular medical or surgical benefits apply rather than maternity benefits.

- **If your facility stay needs to be extended**

  If your facility stay - including for maternity care - needs to be extended, you, your representative, your doctor or the facility must ask us to approve the additional days. If you remain in the facility beyond the number of days we approved and did not get the additional days precertified, then

  - for the part of the admission that was medically necessary, we will pay inpatient benefits, but
  - for the part of the admission that was not medically necessary, we will pay only medical services and supplies otherwise payable on an outpatient basis and will not pay inpatient benefits.

- **If your treatment needs to be extended**

  If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, we will make a decision within 24 hours after we receive the claim.

If you disagree with our pre-service claim decision

If you have a **pre-service claim** and you do not agree with our decision regarding precertification of an inpatient admission or preauthorization of other services, you may request a review in accord with the procedures detailed below. If your claim is in reference to a contraceptive, call 844-443-4279.

If you have already received the service, supply, or treatment, then you have a **post-service claim** and must follow the entire disputed claims process detailed in Section 8.

- **To reconsider a non-urgent care claim**

  Within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

  In the case of a pre-service claim and subject to a request for additional information, we have 30 days from the date we receive your written request for reconsideration to:

  1. Precertify your hospital stay or, if applicable, arrange for the healthcare provider to give you the care or grant your request for preauthorization for a service, drug, or supply; or
  2. Ask you or your provider for more information. You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days. If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.
  3. Write to you and maintain our denial.

- **To reconsider an urgent care claim**

  In the case of an appeal of a pre-service urgent care claim, within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.
