- **Out-of-network providers,** on the other hand, have no agreement to limit what they will bill you. When you use an out-of-network provider, you will pay your deductible and coinsurance - plus any difference between our allowance and charges on the bill. Here is an example: You see an out-of-network physician who charges $150, and our allowance is again $100. Because you've met your deductible, you are responsible for your coinsurance, so with the Elevate Option you pay 50% of our $100 allowance ($50). Plus, because there is no agreement between the out-of-network physician and us, the physician can bill you for the $50 difference between our allowance and the bill. Elevate Plus Option does not provide benefits for out-of-network providers, so you would pay 100% of the provider's billed charges.

The following illustrates the examples of how much you have to pay out-of-pocket, under the Elevate Option, for services from an in-network physician vs. an out-of-network physician. This is an example of a service for which the physician charges $150 and our allowance is $100. The example shows the amount you pay if you have met your calendar year deductible.

EXAMPLE - Elevate Option
In-network physician
Physician's charge: $150
Our allowance: We set it at: $100
We pay: 75% of our allowance: $75
You owe: 25% of our allowance: $25
+Difference up to charge: No: $0
TOTAL YOU PAY: $25

Out-of-network physician
Physician's charge: $150
Our allowance: We set it at: $100
We pay: 50% of our allowance: $50
You owe: 50% of our allowance: $50
+Difference up to charge: Yes: $50
TOTAL YOU PAY: $100
