Benefits Description	You pay After the calendar year deductible	
Note: The calendar year deductible applies to almost all benefits in this Section. We say "(No deductible)" when it does not apply.		
Surgical procedures	**Elevate Plus**	**Elevate**
A comprehensive range of services, such as • Operative procedures • Treatment of fractures, including casting • Routine pre- and post-operative care by the surgeon • Correction of amblyopia and strabismus • Endoscopy and non-routine colonoscopy procedures • Biopsy procedures • Removal of tumors and cysts • Correction of congenital anomalies - limited to children under the age of 18 unless there is a functional deficit (see *Reconstructive surgery* below) • Insertion of internal prosthetic devices (see Section 5(a), *Orthopedic and prosthetic devices* for device coverage information) • Treatment of burns • Assistant surgeons are covered up to 20% of our allowance for the surgeon's charge for procedures medically necessary. Registered nurse first assistants and certified surgical assistants are covered up to 15% of our allowance if medically necessary. • Surgical treatment of severe obesity (bariatric surgery). **Preauthorization is required**, see Section 3, *Other services that require preauthorization.* See geha.com/Provider-Partner-Tools for additional information on policy and criteria. When multiple surgical procedures performed during the same operative session add time or complexity to patient care, our benefits are available on our website at www. geha.com/Provider-Policies. Note: Multiple surgical procedures performed through the same incision are "incidental" to the primary surgery. That is, the procedure would not add time or complexity to patient care. We do not pay extra for incidental procedures. Note: For female and male surgical family planning procedures, see Section 5(a), *Family Planning.*	In-network: 20% of the Plan allowance Out-of-network: You pay all charges	In-network: $250 copayment (no deductible) per performing surgeon, for surgical procedures performed in an inpatient setting In-network: 25% of the Plan allowance, for surgical procedures performed in all other settings Out-of-network: 50% of the Plan allowance and any difference between our allowance and the billed amount
