- Select specialty therapies are included in the Starter Fill Program. For these medications, you will receive a 14 or 15-day supply for the first 2 months of therapy. Your coinsurance will be prorated based on the days of therapy.
- Medications may be available under the Prescription drug benefit and may require prior authorization.
  Benefits for certain prescription medications and supplies (e.g., self-injectable or self-administered) are only eligible for coverage when dispensed by a pharmacy, under the pharmacy benefit, even if you obtain these medications from your provider.
- Some specialty and non-specialty medications may not be available in a 30-day supply; your coinsurance will be based on days of therapy.
- **The exclusion for hormone treatments for Sex-Trait Modification for gender dysphoria** only pertains to chemical and surgical modification of an individual's sex traits (including as part of "gender transition" services). **We do not exclude coverage for entire classes of pharmaceuticals,** e.g., GnRH agonists may be prescribed during IVF, for reduction of endometriosis or fibroids, and for cancer treatment or prostate cancer/tumor growth prevention.

Prescription drug benefits

There are important features you should be aware of. These include:

- **Drug coupon/copay cards:** We do not coordinate with drug coupon/copay cards.
- **Who can write your prescription:** A licensed physician or dentist, and in states allowing it, licensed or certified providers with prescriptive authority prescribing within their scope of practice. In addition, your mailing address must be within the United States or include an APO address.
- **Where you can obtain them:** You may fill the prescription at a participating network retail pharmacy, CVS Caremark Mail Service Pharmacy, or through a non-network pharmacy. We pay a higher level of benefits when you use a network pharmacy. CVS Specialty Pharmacy is the exclusive provider for specialty medications. You may contact the Specialty Pharmacy at 800-237-2767.
- **We have a managed formulary.** If your physician believes a name brand product is necessary or there is no generic available, your physician may prescribe a name brand drug from a formulary list. This list of name brand drugs is a preferred list of drugs that we selected to meet patient needs at a lower cost.
  - Please see our online formulary and drug pricing search tools at the following geha.com/Prescriptions-Summary.
- **How to submit a prescription reimbursement claim:**
  - Include original drug receipts and submit to:

    CVS Caremark P.O. Box 52136 Phoenix, AZ 85072-2136

    You may also submit prescription reimbursement requests online via Caremark web portal (geha.com/Prescriptions-Summary) or Caremark mobile app (available for Android and Apple).

    Reimbursement will be based on G.E.H.A's costs had you used a participating pharmacy. Members are responsible for their applicable copayment and/or coinsurance, and the difference between our allowance and the cost of the drug.
- **How to obtain preauthorization:** If you are filling a medication requiring a preauthorization for medical necessity, please call 855-240-0536.
- **Your benefit includes the Advanced Control Specialty Formulary (ACSF);** please see CVS Caremark Formulary for additional information.
