Preventive care medications	**High Option**	**Standard Option**
Preventive Care - The following preventive medications are covered as recommended under the Patient Protection and Affordable Care Act (ACA). Preventive medications with USPSTF A and B recommendations are covered with no cost-share at a participating pharmacy. These may include some over-the-counter vitamins, nicotine replacement medications, and low dose aspirin for certain patients. For current recommendations, go to www.uspreventiveservicestaskforce.org/BrowseRec/index/browse-recommendations. Age restrictions apply. To receive preventive care benefits, a prescription from a doctor must be presented to the pharmacy. A generic equivalent will be dispensed unless you or your physician specifies that the prescription be dispensed as written, when an FDA approved generic drug is available unless substitution is prohibited by state law. • Aspirin - All single ingredient generic oral dosage forms less than or equal 81mg OTC only (requires a prescription) for the prevention of pre-eclampsia after 12 weeks of gestation.
