Section 5(g). Dental Benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and any applicable medical or payment policies. Policies may be found on our website geha.com/Provider-Partner-Tools. In some instances, additional services may be rendered, and additional cost shares may apply.
- Benefits are applied based on how your provider bills Us. You must reference all Sections in this Brochure depending on where your care is obtained. For example, but not limited to, any procedure, injection, diagnostic service, laboratory, or x-ray service done in a hospital in conjunction with a physician office examination may apply separate cost share depending on where you obtain your care.
- Medications may be available under the Prescription drug benefit and may require prior authorization.
- Benefits for certain prescription medications and supplies (e.g., self-injectable or self-administered) are only eligible for coverage when dispensed by a pharmacy, under the pharmacy benefit, even if you obtain these medications from your provider.
- Be sure to read Section 4, *Your Costs for Covered Services*, for valuable information about how cost -sharing works. Also, read Section 9, *Coordinating Benefits with Medicare and Other Coverage,* for information about how we pay if you have other coverage, or if you are age 65 or over.
- **If you are enrolled in a Federal Employees Dental/Vision Insurance Program (FEDVIP) Dental Plan, your FEHB plan will be First/Primary payor of any Benefit payments and your FEDVIP plan is secondary to your FEHB plan. See Section 9, *Coordinating benefits with Medicare and Other Coverage*.**
- There is no calendar year deductible for dental benefits.
- We cover hospitalization for dental procedures only when a non-dental physical impairment exists, which makes hospitalization necessary to safeguard the health of the patient. We do not cover the dental procedure. See Section 5(c) for *Inpatient hospital benefits.*
- Medications may be available under the *Prescription drug benefit*, Section 5(f) and may **require prior authorization.**

Accidental injury benefit

We cover restorative services and supplies necessary to promptly repair sound natural teeth. The need for these services must result from an accidental injury. The repair of accidental injury to sound natural teeth includes but is not limited to, expenses for x-rays, drugs, crowns, bridgework, inlays, and dentures.

High Option: Accidental dental injury is covered at 100% for charges incurred within 48 hours of an accident. Services incurred after 48 hours are paid at regular plan benefits. See Sections 5(a) through 5(f) for applicable services and benefits.

Standard Option: Services are paid at regular medical plan benefits. See Sections 5(a) through 5(f) for applicable services and benefits.

Note: We may review x-rays and/or treatment records in order to determine benefit coverage.
