Benefits Description	You pay After the calendar year deductible...
Maternity care (cont.)	**HDHP**
• We will cover other care of an infant who requires non-routine treatment only if we cover the infant under Self Plus One or Self and Family enrollment. • We pay hospitalization and surgeon services for non-maternity care the same as for illness and injury. • *Hospital services* are covered under Section 5(c) and Surgical benefits in Section 5(b). • As part of your coverage, you will have access to in-network certified nurse midwives and board-certified lactation specialists during the prenatal and post-partum period. Your coverage also includes services provided by a certified doula as outlined below. • Home nursing visits, intravenous/infusion therapy and injections are covered the same as other medical benefits (not maternity) for diagnostic and treatment services as outlined in Section 5(a), *Home health services*. • Any maternity services considered preventive will be covered by the Plan at 100% (no deductible). See Section 5, *Preventive care,* for additional information. Notes: • When a newborn requires definitive treatment during or after the mother's hospital stay, the newborn is considered a patient in their own right. If the newborn is eligible for coverage, regular medical or surgical benefits apply rather than maternity benefits. In addition, circumcision is covered at the same rate as for regular medical or surgical benefits. • Maternity care expenses incurred by a Plan member serving as a surrogate are covered by the Plan subject to reimbursement from the other party according to the surrogacy contract or agreement. The involved Plan member must execute our Reimbursement Agreement against any payment that may be received under a surrogacy contract or agreement. Expenses of the newborn child are not covered under this or any other benefit in a surrogate mother situation. • Refer to Section 5(a), *Educational classes and programs* for information on Childbirth Education classes and Section 5(g) for information on G. E.H.A's *Family Planning Care* Program. For more information, visit geha.com/Healthy-Pregnancy.	In-network: Nothing Out-of-network: 35% of the Plan allowance and any difference between our allowance and the billed amount
A doula is a non-medical trained professional who provides emotional, physical, and informational support during pregnancy, labor/delivery, and post-partum periods. See Section 10, *Definitions of Terms,* for additional information. Benefits are allowable for services of a certified doula providing support for pregnancy-related care. Coverage is limited to $1,000 per pregnancy and must include in-person support during labor and delivery when pregnancy results in birth. Services provided by a certified doula limited to: • Prenatal visits • Labor and delivery support	All charges in excess of $1,000, in- and out-of-network combined
