Benefits Description	You pay	
Preventive medications	**High Option with PDP**	**Standard Option with PDP**
Preventive medications with USPSTF A and B recommendations are covered with no cost-share at a participating pharmacy. These may include some over the counter vitamins, nicotine replacement medications, and low dose aspirin for certain patients. For current recommendations go to uspreventiveservicestaskforce.org/BrowseRec/Index/browse-recommendations Age restrictions apply. Notes: • To receive preventive care benefits, a prescription from your doctor must be presented to the pharmacy for these preventive services to be covered by the plan, even if they are listed as over the counter. Changes can occur throughout the year. • Over the counter and appropriate prescription drugs approved by the FDA to treat tobacco dependence are covered under the Tobacco Cessation E*ducational Classes and Programs* in Section 5(a).	Preferred retail pharmacy: Nothing (no deductible) Member is responsible for charges above allowable when using a non-preferred pharmacy.	Preferred retail pharmacy: Nothing (no deductible) Member is responsible for charges above allowable when using a non-preferred pharmacy.
Physician prescribed over the counter and prescription naloxone, opioid rescue agents, available as nasal sprays are covered under this Plan at no cost. **Prior authorization may be required on some formulations.** For more information consult the FDA guidance at: fda.gov/consumers/consumer-updates/access-naloxone-can-save-life-during-opioid-overdose or call SAMHSA's National Helpline 800-662-4357 or go to findtreatment.samhsa.gov/.	Preferred retail pharmacy: Nothing (no deductible) Member is responsible for charges above allowable when using a non-preferred pharmacy.
