- Preferred pharmacy – Present your Plan identification card at a preferred pharmacy to purchase your prescriptions and have the claim filed electronically for you.
- Non-Preferred pharmacy –You pay the full cost and manually file a claim for reimbursement by sending in your original prescription receipt obtained from your pharmacy to:

SilverScript Insurance Company
Prescription Drug Plans
Medicare Part D Paper Claim
PO Box 52066
Phoenix, AZ 85072-2066

Note: Remember to use a Preferred pharmacy whenever possible and show your SilverScript ID card to receive the maximum benefits and the convenience of having your claims filed for you. For assistance locating a PDP EGWP preferred pharmacy, visit our website at geha.com/Rx-Plan or call us at 833-250-3241 / TTY 711.

- **Utilization Management strategies: Preauthorization, trial and step therapy:** We require preauthorization (PA) for certain drugs to ensure safety, clinical appropriateness and cost effectiveness. PA criteria are designed to determine coverage and help to promote safe and appropriate use of medications. Drugs subject to PA are screened at the point of service and the dispensing pharmacy is advised to have the prescriber contact the SilverScript PA department. SilverScript will obtain the relevant information from the prescriber to determine whether the drug use meets the established criteria for the requested drug. In certain circumstances, a preauthorization may require the trial or step of a more appropriate first line agent before the drug being requested is approved.
- **A generic equivalent will be dispensed if it is available** unless your physician specifically requires a brand name drug. If you receive a brand name drug when an FDA approved generic drug is available, and your physician has not specified Dispense as Written for the brand name drug, you have to pay the difference in cost between the brand name drug and the generic.
- **Why use generic drugs:** By choosing Generic or Preferred category drugs, you may decrease your out-of-pocket expenses.
- **You may request a Formulary Exception:**
  - Asking for coverage of a drug that is not on the Drug List is sometimes called asking for a **formulary exception**.
  - Asking for removal of a restriction on coverage for a drug is sometimes called asking for a **formulary exception**.
  - Asking to pay a lower price for a covered non-preferred drug is sometimes called asking for a **tiering exception**.
  - Start by calling, writing, or faxing SilverScript to make your request for us to authorize or provide coverage for the prescription you want. You can also access the coverage decision process through caremark.com website. We must accept any written request, including a request submitted on the CMS Model Coverage Determination Request form. You, your doctor (or other prescriber), or your representative can do this. You can also have a lawyer act on your behalf.
- **When you do have to file a claim.** Please be sure to include your name, contact information, and information identifying which denied claim is being appealed.
- **If we deny your claim and you want to appeal:** You, your representative, or your prescriber must request an appeal following the process described in Section 8(a), *Medicare PDP EGWP Disputed Claims Process*. The PDP EGWP appeals process has 5 levels. If you disagree with the decision made at any level of the process, you can generally go to the next level. At each level, you'll get instructions in the decision letter on how to move to the next level of appeal.
  - A standard appeal is usually made within 7 days. A fast appeal is generally made within 72 hours. If your health requires it, ask for a fast appeal.

PDP EGWP True Out-of-Pocket Cost (TrOOP)

True Out-of-Pocket Cost (TrOOP) of $2,100 per person annually. Once you have reached $2,100, all covered Part D drugs will be $0 copay.
