These rates do not apply to all Enrollees. If you are in a special enrollment category, please refer to the PSHB Program website or contact the agency that maintains your health benefits enrollment.

- ¹ These benefits are neither offered nor guaranteed under contract with the PSHB Program but are made to all Enrollees who become members of a G.E.H.A health plan and their eligible family members.
- ² In-network providers agree to limit what they will charge you. You pay a fixed dollar amount or percentage of the provider's negotiated amount.
- ³ The out-of-pocket maximum is the maximum amount of coinsurance, copays and deductibles you pay for all family members before G.E.H.A begins paying for 100% of covered services. This is a combined maximum for both medical care and prescriptions.
- ⁴ Calendar year deductible applies.
- ⁵ Refer to geha.com/Prescriptions for formulary and specialty coverage for specific medications.
- ⁶ Costs for initial prescription and first fill. You pay 50% for third and additional fills at retail for 30-day supply. For maintenance prescriptions, use mail order or your local retail CVS Pharmacy store (90-day supply) for greater cost savings.
- ⁷ If you choose a brand-name medication when a generic is available, you will be charged the generic copay plus the difference in cost between the brand-name and the generic.
