# ORAL HEALTH EQUALS OVERALL HEALTH

Brush up on the value of supplemental dental coverage.

Even without major dental events, yearly cleanings add up when you pay out-of-pocket. Choosing an affordable dental plan from G.E.H.A ensures you're covered for yearly visits or the unexpected like a toothache or dental emergencies.

Oral health is important to our overall health. In fact, people who have preventive cleanings may be at lower risk for chronic disease including heart disease and some forms of cancer, according to the Centers for Disease Control and Prevention (CDC).

# FOUNDED BY FEDERAL EMPLOYEES IN 1937

Our spirit of service dates back nine decades to our founding by railway postal clerks who “passed the hat” to cover each other in times of need. 88 years later, we honor our origin by delivering comprehensive coverage and benefits that go beyond for federal employees, retirees and their families.

**Get the coverage that millions of federal employees have counted on through the years**

As a member-built organization, our dollars are put back into expanding the coverage that supports and protects those who support and protect our country.
